

# Hi Reception!

When you first started in Reception you all drew and wrote about a special day out you had enjoyed with your family. This week is all about creating another happy memory - having a teddy bears' picnic. Don't forget to email me any lovely work you want to share with me.

Keep practising your reading and phonics.

Miss Wells. X

This week you will be learning the song 'Teddy Bears' Picnic'. There are lots of writing opportunities which you will really enjoy - Writing a guest list, shopping lists and making invitations. Have a look at the book of the week tab, Week 13.

Phonics Bloom is another website that has lots of games for you to practise your phonics. If you have got really good at reading and spelling Phase 3 words, have a go at Phase 4.

Do you remember when I brought into school some of my toys that I played with when I was a little girl? Perhaps your parents or grandparents still have some of their old toys. If they do, you could draw them and compare them with your own. What is the same and what is different about them?

Teddy bears with moving arms and legs are fun to make. You can either draw your own body parts or use the template I have put on the website for you. You will need split pins or treasury tags to make his arms and legs move.

Have a game of hide the teddies in the garden. The hider hides them whilst the hunters count to 20 with their eyes shut. (You could also count in 10s to 100 or 2s to 20). The hunters then have to find the teddy bears.

Paddington Bear would like a new hat! The one he has is all sticky from the marmalade sandwiches he keeps hiding under it. Make the hat big enough for you to wear. Use your imagination and make something spectacular!

There are so many different species of bears. I can name a polar bear, brown bear, black bear and grizzly bear. Choose a bear and think of a Who? What? How? Why? Where? and When? question that you would like to find out the answer to. With a grown up go on the internet to find photographs and video clips and find the answers your questions.

Enjoy joining in with Andy's Big Bear Boogie! You will learn something about bears too.

There are lots more maths tasks for you to do on White rose maths Week 10. Remember to look on the Lancashire website too.
